Jerry Flemming, City Manager

MEMORANDUM

Date: April 8, 2016

TO: Mayor and City Council

FROM: City Manager Jerry Flemming

SUBJECT: City Council Meeting April 11, 2016

Medical Insurance Rates. Employee meetings were held this week to discuss increases in the premiums scheduled for July 1, 2016. Employees have had opportunities to ask questions and meet with the City Secretary to calculate how specific changes would affect their take-home pay. Some Councilors have requested an opportunity to discuss this at a public meeting. Incidentally, the second quarter financial report is scheduled to be presented on April 25, 2016 and will provide an appropriate opportunity to discuss this topic. Several employees will likely seek plan changes to avoid significant decreases in their take-home pay. Employees hired after July 15, 2014 who can be included on their spouse's medical insurance plan, would consider such a shift if they could use the $500 monthly allotment from the City toward their spouse's increased premiums. This is not presently allowed under our policy but may be worthy of consideration as it would not increase the cost to the City.

The following items are included on the agenda of the Regular City Council Meeting scheduled for April 11, 2016:

Board of Adjustments. Linda Merrick who has served on the Iowa Park Board of Adjustments has recently moved out of town and is no longer eligible to serve on the Board. The Board of Adjustments is described in Article VII of the Zoning Ordinance. All Board members must be appointed by the Mayor and confirmed by the City Council. The Board of Adjustment has the powers and exercises the duties of a board in accordance with V.T.C.A., Local Government Code, Chapter 211, Subchapter A (§ 211.001 et seq.). Board members are representatives of the City of Iowa Park, and have the right to inspect premises, where required in the discharge of their responsibilities under the laws of the State of Texas and the ordinances of the City. Mike Price has agreed to serve on the board and staff recommends that he be appointed to fill the unexpired term of Linda Merrick. The Board of Adjustments is scheduled to meet on Monday April 18, 2016.

Mobile Home and Travel Trailer Ordinance. Proposed changes to the Mobile Home and Travel Trailer Ordinance were discussed on March 28, 2016; however the topic was tabled with no action and staff were directed to revise the proposed ordinance to include setup regulations and to reduce the proposed fees. The proposed setup regulations include stabilization, stairs, ramps, skirting and requires setup within 30 days. The proposed revisions also include the definitions and changes to the requirements for mobile home office which were previously proposed. The fee increases, while significant, will be far less per mobile home space than the proposed water rate reductions. Staff recommends approval. Only two of the three local parks have been registered for the year and staff may schedule a hearing in the immediate future to revoke the permit for the unregistered park. Also staff have been monitoring the parks for improvements pledged by at least one park owner but no noticeable improvements have been observed.

Animal Control Ordinance. Staff have completed proposed revisions to the Animal Control Ordinance and quite a few changes are proposed. As previously discussed, obsolete language and procedures should be replaced with present language. Increased regulation to require basic animal care by owners have also been recommended. Staff recommends approval. In addition staff have continued to "design" an animal facility; however, the plans and specifications require additional modifications before approval will be requested for the solicitation of bids. Public support and Community Development (4B) Corporation support remains strong.

Utility Fees. Based on an analysis of water and sewer fees, staff recommends increasing sewer fees by approximately 5% across the board and decreasing the base water fee by nearly 23%. In addition, staff recommends decreasing the water fees for higher volumes of water by 5% so that no consumers will pay more overall due to the sewer increases. If approved, typical consumers, whether high-volume or low-volume, should see their monthly utility bill decrease by approximately nine dollars. This represents decreases of nearly 13% for consumers who use less than 2,000 gallons per month to 7% for consumers who use 6,000 per month. Staff recommends that the fees be effective with the May billing cycle.

The next Regular Session of City Council will be 7:00 p.m. on Monday April 25, 2016 and will include proposed revisions to the Mobile Home Ordinance.

AGENDA ITEM NO. 7: Bid Action.

A. Receive, Review and Consider Bids Received at the City's Surplus Property Auction of Saturday, March 19, 2016.

Two public auctions were held for two commercial properties owned by the City. The former Amanda's Country Store at 1151 South FM 368 did not receive any bids. The former Pallet Outlet storage yard at 306 East Jefferson received one bid of $15,000.00 from Mr. Randy Catlin. Mr. Catlin has submitted a cashier's check for the property. This was the minimum price set by the Council. Motion was made by Councilman Sheppard and seconded by Councilman Wooten accepting the bid of $15,000.00 from Mr. Randy Catlin for the property located at 306 East Jefferson. Motion carried with five ayes. (Unanimous)

B. Consider Authorizing the Staff to Accept Bids for the Disposal of Certain Surplus Property Items.

Motion was made by Councilwoman Wooten and seconded by Councilman Dyer authorizing the staff to accept bids for the disposal of certain surplus property items. Motion carried with five ayes. (Unanimous)

AGENDA ITEM NO. 8: Ordinance.

A. An Ordinance of the City Council of the City of Iowa Park, Texas Amending the Code of Ordinances at Sections 3.04.001, 3.04.036, 3.04.038 and Section A3.005 Regulating Mobile Homes and Travel Trailers and Mobile Home Parks and Trailer Parks.

The City Manager explained that letters were sent to all three mobile home park owners informing them of the existing City ordinances regarding mobile home and travel trailer parks. They were also invited to a meeting to discuss proposed changes to the existing ordinances. Only one park owner attended, Gary and Mary Hunter. Proposed changes include having a designated office for every mobile home or trailer park to be located within the city limits with a sign posted in the park specifying the address and telephone number of said office. Proposed fee increases were $50.00 per mobile home space instead of $50.00 per mobile home park. Councilwoman Shierry suggested lowering the fee to $25.00 per space for 2017 and then increasing the fee to $50.00 the next year or two. Councilwoman Wooten would like to see wording in the ordinance to specify a time limit on how long a mobile home can be placed on a lot before it is occupied. Mr. Kerry Perkins stated he owns two trailers inside one of the mobile home parks. He has completely remodeled one that his daughter lives in. Mr. Perkins was concerned with those that are sick, elderly, on a fixed income or disabled and not being able to take care of their place. Mr. Gary Hunter stated he is working on getting his mobile home park cleaned up. AGENDA ITEM NO. 9: City Manager's Report.

A. Discuss and Consider Insurance Renewal Dates.

The City Manager explained that the staff has inquired to TML regarding changing the medical insurance renewal dates. Currently, the plan year begins July 1st. If the City were to change dates to October 1st, the contract with TML would be extended those three months then the employees could possibly be looking at another rate increase beginning with the new October 1st plan year. Staff is recommending renewing the contract for the plan year July 1, 2016 through June 30, 2017 and seek proposals for group health insurance after the first of next year. No action was taken.

B. Discuss and Consider Authorizing the Purchase of a Large Brush Fire Truck for the Iowa Park Volunteer Fire Department Utilizing a Texas Forest Service (90%/10%) Grant.

The Fire Department applied and has been approved for a cost-share assistance grant under the Rural Volunteer Fire Department Assistance Program through the Texas A & M Forest Service to purchase a large brush truck. The Forest Service will contribute 90% of the actual cost up to $200,000.00. The Fire Department has found a 2017 Freightliner M2-106.70 through the H-GAC for $208,142.00. The City's 10% share would be $20,814.20 with the Forest Service picking up 90% or $187,327.80. Monies for the City share would come from the sale of surplus commercial property, $15,000.00 and the future sale of surplus fire and emergency equipment. Motion was made by Councilwoman Williams and seconded by Councilwoman Shierry authorizing the purchase of a large brush fire truck for the Iowa Park Volunteer Fire Department utilizing a Texas Forest Service (90%/10%) grant. Motion carried with five ayes. (Unanimous)

C. Discuss and Consider Authorizing the Purchase of Five Tasers and Related Equipment for the Iowa Park Police Department.

Parks & Recreation Report
March 2016

- There has been a new pump and fountain head installed in the pond at the disc golf course. The new fountain and pump has a smaller spray pattern, so it shouldn't be as problematic to the players. The older and much larger pump and fountain will be installed in Gordon Lake.

- Myself and some of the parks guys have completed the Pool Manager Operation Course. I have also scheduled our new pool manager to take the course in May.

- TML had a webinar over mowing safety which all of the parks department watched this past month.

- Charles Ficklin and myself have completed the Vegetation Management course. Some employees in all departments are in the process of taking exams for Vector and vegetation/pest control.

- We have been very busy at the pool trying to get it ready for the season. The hiring process has started for pool managers and will begin soon for lifeguards.

- As you know mowing has started early this year. We have several projects we are still trying to complete but they are taking a little longer due to the mowing. The guys are doing a great job considering everything they have to do.

- The library fountain should be up and running be the end of April. The electrical work has been completed now we just have to do some small repairs and painting.

- The cities electrician has been busy doing work for all of our departments. He has told me the light pole for downtown has come in and he plans to get it up soon. We also have several ballasts and bad light fixtures out on the walking track. We have been in the process of changing them out to LED's as they go bad. This should save money and give the lights a longer life span. The electrician is getting to them as fast as he can.

Thank You
Robbie Matthews
