

FOURTH ADDENDUM
Request for Qualifications (RFQ)
Iowa Park Public Safety Facilities

Date of Issue: January 13, 2022

The following items were discussed at the pre-submittal conference on January 12, 2022:

1. Clarification on page 25 of RFQ, Qualification Appendix Attachments, item # 3: Professional Architectural / Engineering licenses to be included. No licenses required for Contractors.
2. No Federal or State Funding will be used on either of these projects. Local funding sources to be used for both projects. As a subdivision of the State of Texas, State of Texas procurement and management laws apply.
3. Local permits (building, electrical, plumbing, mechanical, etc.) will be required; however, all fees will be waived for City of Iowa Park permits.
4. Design-Build Teams may submit proposals for either or both projects; however, proposals for multiple projects should be itemized in the event only one project is awarded to the Team. If Teams are only interested only in providing design and construction services for both projects, but neither project if separated, this should be clearly indicated in proposal.
5. Construction oversight and inspections will be performed by the City of Iowa Park.
6. Proposers will be required to acknowledge all addenda. A sample form is included with this Fourth Addendum and should be included as item number 5 in the Qualification Appendix Attachments, as described in Section 6.01 (pages 24 and 25) of the RFQ.
7. The Anticipated Schedule in Section 3.05 of the RFQ is for proposal purposes only. The final schedule will be negotiated prior to issuance of Notice to proceed.
8. There are no Concept Plans or prototype information to be provided by Owner during the RFQ process. The owner will discuss scope of work with selected proposer prior to the Schematic / Preliminary Design (SD) process as discussed in Section 3.03 of the RFQ (Page 11).
9. The deadline for all written questions and clarifications on the RFQ will be January 28, 2022.
